ZERO ERROR IN A CORIOLIS GYRO:

INFORMATION DISCLOSURE STATEMENT

Commissioner For Patents
P.O. Box 1450
Alexandria, Virginia 22313-1450

Sir:

In accordance with the duty to disclose information material to the examination of this application as set forth in 37 CFR 1.56, copies of the following publications are cited (and submitted, where required):

- (1) German patent application DE 100 49 462 A1
(4/11/02);
- (2) German patent application DE 44 47 005 A1 (7/4/96);
- (3) German patent application DE 101 31 760 A1
(1/16/03);
- (4) German patent application DE 198 45 185 A1
(4/20/00);
- (5) United States patent 5,847,279 (12/8/98);
- (6) United States patent 6,205,838 (3/27/01); and
- (7) German patent DE 198 35 578 A1 (2/10/00).

Documents "1" through "4" were cited in the

U.S. National Phase of PCT/EP2004/003248.....Page 2

International Search Report of August 12, 2004 issued in International patent application PCT/EP2004/003248. The present application represents the U.S. National phase of the International application.

Documents "5" through "7" (as well as Documents 2 and 4) were in cited by the German Patent Office in an office action issued March 22, 2004 in German patent application 103 17 158.4 from which the present invention claims Convention priority (through International patent application PCT/EP2004/003248). It should be noted that document 5 is the United States patent equivalent of German patent application DE 69 615 468 A1, having a publication date of 1/2/97 that is referred to in the German office action.

While the art is cited herein in accordance with the Applicants' duty of candor, none of such art, either alone or in combination with any other known prior art is believed to render the invention of the present application unpatentable.

Respectfully submitted,

Elliott N. Kramsky
Reg. No. 27,892
Attorney for Applicant
